The study board is asked to comment and approve the minutes of last month's meeting.

Beslutning

Approved with the following comments:

The study board notes that the minutes did not reflect their usual style and would like to revert to their existing practice in the future, specifically:

- Members present should not be divided into groups i.e. VIP, STUD. They should all be next to each other.
- The minutes should include a summary of discussions for each item and not only the decisions.

Punkt 4: UDDU meeting cancelled

The announced UDDU-meeting about the bachelor reform has been cancelled.

Beslutning

The Chair (Helene) was invited to the UDDU meeting on the 7th January, however the meeting was cancelled. that the chair expect that any decisions or discussions about a Bachelor-reform will wait until the new Rector is onboarded.

Instead UDDU was invited to a meeting in AR regarding the current Master Reform. The chair attended the AR meeting and gave the study board a summary of the discussions.

The members of AR and UDDU discussion a document by EAE that outlined some pedagogical framework for the new 75 ECTS MA programmes. The members were especially critical of the proposal for academic content in final big assignment/project, which they thought was low. Moreover, several members were critical of the lack of PPL in the framework and were unsure about the status of the document, if it was a blueprint or source of inspiration.

Furthermore, the AR and UDDU members discussed phase 1 MA programme proposals. Here the Chair had commented on the lack of clarity of the entry requirement for RUC bachelor students, applying for a RUC MA programme. Moreover, several MA-programmes appeared to recruit the same students, risking cannibalism.

Punkt 5: Oral orientation about building 4-6

Helene will inform about buildings 4-6 (no written appendix).

Beslutning

The Chair gave an orientation on the newly renovated buildings 4-6. They are almost finished up and are ready for use 2nd February. The Chair was really happy with the new buildings and the academic as well as social opportunities they present. The Chair expressed the importance of these buildings being primarily used for ISE, especially SIB and SAB. This is to ensure a proper study environment for all our ISE students.

Punkt 6: Open House

The Open House is on 19 February this year. Helene will inform about the planning of the event.

Beslutning

Open House will be in buildings 4-6 on the 19th February from 13:00-18:00. Students are being recruited to help with the open house event.

It was also mentioned that a new Educational Coordinator is starting 2nd February, Katrine Damberg. She will be supporting Sambach study board as well as activities related to the SIB and SAB programmes.

Punkt 7: Study environment tutor calendar for the upcoming semester

New study environment calendar for the spring semester is presented.

Beslutning

The study environment tutors have developed multiple events for both SIB and SAB. There has been a lot of student engagement with the events as well, which the study board was pleased with. The calendar will also be posted on Moodle and other sites for the students to see. For all events, please see the calendar.

Punkt 12: Approval of annual cycle for the study board

The study board is asked to approve its annual cycle.

Beslutning

The study board had a few comments; the discussion of HoS reports must be moved to March meeting as the Sambach head of studies need input from several other head of studies and coordinators. Thus the reports will not be ready before the March meeting.

The orientation about the number of places offered at the June is not relevant for SamBach because the bachelor intake is only published 27th July.

Otherwise approved.
