Punkt 1: Members of the Study Board

Members: Lotte Jelsbak (Medicinalbiology, Molecular Biology and Molecular Health Science - chair of the board), Nicholas Bailey (Fysik/Physics and Physics and Scientific Modelling), Frederik Diness (Kemi/Chemistry and Chemical Biology), Per Meyer Jepsen (Environmental Biology, Bioprocess Science and Environmental Science), Jesper Schmidt Hansen (Mathematics and Mathematical Bioscience), Abia Amin (Molecular Health Science - vicechair of the board), Marcell Balogh (Physics and Scientific Modelling), Alicie Berg Nielsen (Chemical Biology), Sif Egelund Christensen (Mathematical Bioscience), Vlad Marcu (Environmental Science)

Cancelations:

Punkt 2: Approval of agenda - 2 minutes

Punkt 3: Approval of open minutes from 18.12.25 and 13.01.26 - 10 minutes

Minutes from meeting the 18.12.25

Minutes from extra-ordinary meeting the 13.01.26

Bilag

UDKAST_ åbent referat 18.12.25.pdf

UDKAST_referat_KA SN_130126.pdf

Punkt 4: Lukket

Punkt 5: Lukket

Punkt 6: Announcements from chairperson - 5 minutes

Punkt 7: Announcements from students - 5 minutes

Punkt 8: Study regulations 2026: suggestions for approval - 10 min.

Please find case presentaion attached including an overview of the suggested changes to study regulations.

Task

Can the board approve the suggestions?

Bilag

Approval of changes to the Mathematics Subject Module Study Regulation.docx

Punkt 9: Approval of course offerings the coming study year E26/F27 - 15 min.

The Study Board is asked to approve the enclosed overview of study activities for E26 and F27 at subject module and master's program level.

What - for the Head of Studies

- Please prepare for the meeting: check if the course responsible is correct - if the person is not known yet, Head of Study must be noted down.

Hack to open the excel document: use the 'Download document' function - it will open in a different format/in the program app.

Bilag

FA, Udbudsark E26+F27.xlsx

KA, Udbudsark E26+F27.xlsx

Punkt 10: Legal claim to 2028 - master programmes - 15 min.

A legal claim (“retskrav”) must be established for the 2028 Bachelor programmes. Knowledge of these claims is an important prerequisite for communicating with current bachelor students and potential applicants to RUC’s bachelor and master’s programmes during the elective-subject day for bachelor students, the Open House event in February 2026, etc.

The list of legal claims has been prepared in collaboration between the vice deans and University Services and was discussed at the meeting of the Educational Strategic Management Forum on 16 December 2025.

Høring_retskrav til 2028 kandidatuddannelser.pdf

Punkt 11: Evaluation of the past year's work in the study board - 20 min.

We take a round - please think about the following:

- What have been good/less relevant discussions?
- Is there anything that has been too much/too little?
- Topics for the coming year that the board could work on?
- The practical framework: has the set up worked; e.g. time, duration, preparation of documents/meeting, attendance, etc.
- Welcoming new student representatives - ideas? what is important?

Punkt 12: Drop-out analysis - 25 min.

RUC's drop-out analysis

The dropout Analysis 2025 is an analysis of dropout patterns among Roskilde University students enrolled between 2015 and 2023. The analysis is conducted every two years and is one of the key analyses carried out at Roskilde University. The purpose of the analysis is to contribute to further efforts to reduce dropout rates. The report is in Danish. There will be a short presentation at the meeting of the main conclusions on RUC-level at the meeting.

The study board will only focus on two additional STADS-data reports concerning the INM master programmes. The reports concern first year drop-out and long time drop-out.

About first year drop-out and long time drop-out (see appendices)

Report on 'førsteårs frafald'/first year drop-out:

- concerns the student years/optagsårgange 2020-2024
- definition: students who drop out within the first year of study

Report on 'langt frafald'/long time drop-out:

- concerns the student years/optagsårgange 2019-2021 (the master programmes before 2022)
- definition: students who drop out during first 3 years of studies (normeret tid + 1 år)

Task

The study board will look at the numbers/2 reports together to find out whether we can identify patterns/things that could help us understand if and where students might be struggling.
