Punkt 8: BC2 Sociology revised course description and reading list

The study board discussed autumn 2022 course evaluations and noted that the student were unhappy with the amount of reading for BC2 Sociology. The course leader Sune Haugbølle in his comments to the evaluation stated that he would revise the reading list for autumn 2023 and find a new teaching group.

Sune has revised the reading for the course, please find it attached. The study board needs to discuss and approve the changes.

Beslutning

The study board acknowledged the course convenor's plan to revise the course curriculum for Basic Course 2 in Sociology to make the curriculum lighter. The members applauded the combination of introductory texts with original texts.

Though, they still found the curriculum to contain a lot of lengthier and more dense texts, and it is in some cases unclear how long the texts are. The study board stated that each lecture should not have more than 50 pages combined of preparatory texts for the students.

Regarding the specific lectures, the study board noted the following:

- 1) Lecture 3 is still text heavy.
- 2) Lecture 4 is a bit text heavy, and the course convenor is advised to consider if it could be slimmed.

Decision:

The study board agreed that Helene should convey the points made to the course convenor.
